

Thank you for your interest in Liberum Wealth

This form gathers the information we need to set you up as a client. We take a proactive stance to combating financial crime and the financing of terrorism and so, in addition to this completed form, we require certified copies of documents to verify your identity and address.

In order to process your application we will need the following documents (please tick to confirm):

- This completed and signed application form**
- Certified proof of identity:** valid official documents that include likenesses of the applicants, such as passport, driving license or state issued ID card.
Note: The certifier should clearly state "I certify this is a true copy of the original document, which includes a true likeness of the individual whom I have met."
- Certified proof of permanent residence:** utility bill or bank statement sent to the residences of the applicants and dated within the last three months.
Note: The certifier should clearly state "I certify this is a true copy of the original document."

The proof of identity and address, noted above, should be certified by a fit and proper professional person (for example an accountant, lawyer, medical doctor, company director of a regulated business or notary). The certifier should sign and include their name, professional body/company, and contact details on each copy.

Should we require any further information or documentation we will be in touch with you and once we have successfully processed your application, we will send you a client agreement letter for you to sign. The client account we open for you is governed by terms and conditions, which will be included with the client agreement letter, and guidelines that our regulators stipulate to protect you.
